Features

Realhemp™ whole toasted hemp seeds can be consumed by the handful for easy delicious snacking or added to any recipe for added nutrients and texture.

Every 50g serving provides 15g of dietary fiber and 13g of protein and provides an important source of calcium and phosphorous which are the most abundant macro nutrients found in the human body, essential for bone formation and DNA/RNA production.

Realhemp™ whole toasted hemp seeds also contain high amounts of Omega-6 and Omega-3 essential fatty acids, vitamin E, vitamin B2, vitamin B1, vitamin B3, vitamin B6 and vitamin B9 and what is called the “the essential trio” of nutrients: copper, iron and zinc.
